I am a graduate student at the **Xiamen University**, remotely advised by Prof. Xiaohu Guo and Congyi Zhang. I received my B.Eng. from the **Communication University of China**.

RESEARCH INTERESTS

Simulation: physical AI, deformable body simulation and fluid simulation;
Robotics: whole-body locomotion and manipulation; dexterous Hand;
Geometric Processing: CAD models;

EDUCATION

Xiamen University Computer Science, <i>M.S.</i>	2024.9 — Present
Communication University of China Game Design, <i>B.Eng.</i>	2020.9 — 2024.6

INTERNSHIP

Tencent, Lightspeed Studio <i>Research intern</i> — Robotics	Shenzhen, China 2026.6 — Present
Xiamen University <i>Research Assistant</i> — 4D reconstruction	Xiamen, China 2024.5 — 2024.9
Tencent <i>Software Engineer</i> — Rendering	Shenzhen, China 2024.4 — 2024.6
Motphys <i>Software Engineer</i> — Physical Simulation	Beijing, China 2024.1 — 2024.4
Metamaker <i>Software Engineer</i> — Digital Human	Xiamen, China 2022.5 — 2022.9
Tencent <i>Software Engineer</i> — Digital Human	Beijing, China 2022.1 — 2022.4
