I am a graduate student at **Xiamen University**, remotely advised by Prof. Xiaohu Guo and Congyi Zhang. I received my B.Eng. from the **Communication University of China**.

RESEARCH INTERESTS

Simulation: physical AI, deformable body simulation and fluid simulation;
Robotics: whole-body locomotion and manipulation; dexterous hands;
Geometry Processing: CAD models, Computational Design;

EDUCATION

Xiamen University 2024.9 — Present
Computer Science, *M.S.*
Communication University of China 2020.9 — 2024.6
Game Design, *B.Eng.*

INTERNSHIP

miHoYo, Anti-Entropy team Shanghai, China
Research intern — Animation / Physical Simulation 2026.11 — Present
Tencent, Lightspeed Studio Shenzhen, China
Research intern — Geometry Processing / LLM 2026.6 — 2026.11
Xiamen University Xiamen, China
Research Assistant — Animation 2024.5 — 2024.9
Tencent Shenzhen, China
Software Engineer — Rendering 2024.4 — 2024.6
Motphys Beijing, China
Software Engineer — Physical Simulation 2024.1 — 2024.4
Metamaker Xiamen, China
Software Engineer — Digital Human 2022.5 — 2022.9
Tencent Beijing, China
Software Engineer — Digital Human 2022.1 — 2022.4
